

TAKE THAT SOUND SYSTEM FOR A TEST DRIVE, TOO.

Give your customers
**140+ options they're
going to love.**

The new SiriusXM Dealer Tool will ensure all of your customers are as satisfied with their sound system as they are with their new vehicle.

The SiriusXM Dealer App allows you to send a signal to vehicles on your lot from a mobile phone or tablet.

The simple and easy to use scanner captures VIN barcodes to resend a signal, ensuring the radio is active for test drives and vehicle delivery. Just showcase SiriusXM as a selling feature prior to delivery to make your customer's drive better forever.

- Refresh the signal and...
- Give them the best in Audio Entertainment
- Ensure that SiriusXM is on for the vehicle delivery
- Give them over 140 options in their vehicle
- Ensure SiriusXM is active for test drives
